

Auslan Resources Privacy Policy

Last Revised 18 April 2024

Website

Auslan Kids
www.auslankids.com.au

Personal Data

While our website hosting site provides web statistics on the number of visits to our Auslan Kids website from various IPs, we do not collect any data whatsoever.

- we do not collect or share any data
- we do not record IP address
- we do not use any third party tracking or identifying cookies

Safety

- the Auslan Kids website uses Hypertext Transfer Protocol Security (https)
- there are no external links in the Auslan Kids website to other websites

As with all websites, internet safety is not one hundred percent guaranteed. Our major concern is because internet safety is not guaranteed; there may be even the slimmest chance that our Auslan Kids website may be hacked to show inappropriate content.

For this reason, we encourage teachers to purchase a Web Pages subscription instead, which mean they can download the contents into their computers. This way, teachers can display the website to students directly from their computer, without using online access.
